

# 18

Love me hate me you don't even know me  
Take a chance live a little bit more  
Win some lose some it's all part of the fun  
Look around see what else is in store

Sample from your chocolates  
'cause you never know just what you'll get  
Before we settle down we gotta live it up the time is now

## **Chorus:**

**Because we're 18 and we can do whatever we want to do  
We're chasing our dreams 'till they come true no waiting  
It's now or never won't wait forever for you  
We can be who we want to be because we're  
18, 18, yeah yeah yeah 18, 18  
Just this once**

Stay up all night 'till we see the daylight  
'Cause we can, then we're at it again  
We're the future baby we're the rulers  
Of the world, we're unstoppable now

It's the time to make mistakes, we'll clean up later what we break  
Before we settle down we gotta live it up the time is now

## **(Chorus)**
