

## Put the Fire Out

We both said some things, did some things, I don't know how it started  
When we tried to hide all the lies, that's when this fire ignited

But it doesn't matter who is wrong and who's right  
I just wanna clear the air, baby we don't have to fight

**There's no use holding a grudge anymore  
We can repair what's been done this I'm sure  
And so I beg you won't you forgive me  
We can be happy like we used to be  
Oh let's put the fire out**

When we had it good, it was good, you know I can treat you well  
Now we're in the dark, torn apart, this tension's killing me now

But it doesn't matter who is wrong and who's right  
I just wanna clear the air, baby we don't have to fight

**There's no use holding a grudge anymore  
We can repair what's been done this I'm sure  
And so I beg you won't you forgive me  
We can be happy like we used to be  
Oh let's put the fire out**

I thought your words hurt but this silence hurts more  
Let's call a truce maybe we can love like before  
What's done is done, can't change the past  
But we can choose to move on and make this last

**There's no use holding a grudge anymore  
We can repair what's been done this I'm sure  
And so I beg you won't you forgive me  
We can be happy like we used to be  
Oh let's put the fire out**
