

Hold On To Love

Not a day goes by that I don't have regrets
I had the love I wanted, how could I be so careless?
Just like grains of sand you slipped through my fingers
And now I want to hold your hand

But do you remember how young we were?
Still I should've known better
Baby but now I've learned
I've learned

(Chorus)

**You gotta hold on to love oh so desperately
'Cause you can't get it back once it's gone
So don't you let go once you find what you need
'Cause love is worth living for**

My parents always loved you just like another child
Thought you were my angel you saved me from the dark side
You were good, so good to me and how'd I repay you?
By wanting to be free
But baby now I know

That you're the only one
Just like the moon needs the sun
To shine I need you by my side
By my side

(Chorus) X2

And so I ask for another chance
To save this beautiful romance
And I know that I do not deserve you if you take me back
Won't you take me back? Ohhh

(Chorus)
