

Across the Water

ACROSS THE WATER and down the road

So many faces I don't know

It can be frightening when you feel so alone

All the places I'll never go

And all the people I'll never know

In a world with billions of souls

I get lost in the mix, I'm not part of the whole

And the noise, it fills up my ears

I can't take a breath, I'll drown in my fears

I need the courage to find my place

I'm lost in an ocean, swimming in space

The world is big, and I am so small

I wanna fly, but I'm too afraid to fall

(Chorus)

My heart ticks like beats on a clock

If I were to fall who would care if it stopped?

I hear the words come out of my mouth

If nobody hears does it still make a sound?

I need the courage to find my place
I'm lost in an ocean, swimming in space
The world is big, and I am so small
I wanna fly, but I'm too afraid to fall

(Chorus)

Someone reach out and find me
Someone knock on my door
If nobody can hear me
What's the point of speaking for?
In a world with billions of souls
I get lost in the mix, I'm not part of the whole

(Chorus)
