

I DON'T KNOW WHY

I DON'T KNOW WHY

You love me unconditionally

But I don't question

The good things that we have in life

No I-I don't question the good things in life

No I-I don't question the good things in life

You brought me up

The way any child should be

You taught me wrong from right

And you showed me the ropes of life

And I know everything I have, I owe to you

Yes, I know everything I have, I owe to you

(Repeat Chorus)

No I-I don't question the good things in life

No I-I don't question the good things in life

From the first step I took

To the first letter I read

From when you pulled out my first tooth

To when you sang a song and put me to bed

And I will always remember

When you taught me how to ride a bike

You picked me up when I fell down

And told me it would be alright

(Repeat Chorus)
